

CURATIVE PEDAGOGUES IN NURSERY SCHOOLS PRIMARY SCHOOLS

The work of the curative pedagogues is free of charge for the parents in the facilities of the city of Starnberg and the city primary schools.

WHY ARE THERE CURATIVE PEDAGOGUES IN NURSERY SCHOOLS AND PRIMARY SCHOOLS?

Curative pedagogues help children and parents.

- Every child should be able to learn well in kindergarten and school.
- Every child should feel comfortable there.
- We look at what every child needs.
- We help employees in kindergarten.
- We help teachers in primary schools.
- We support parents.
- We answer their questions.
- We can also discuss the help with doctors and counselling centres.

HOW DO CURATIVES PEDAGOGUES HELP?

Curative pedagogues look at what children can do well.
They take a close look at what is still difficult.

Than we will help at:

	learning		crafting and writing
	talking		being attentive
	calculating		gymnastics

Curative pedagogues are listening:

	When the child is sad or angry
	When the child is afraid or worried

CONTACT:

Our team consists of curative pedagogues, a learning therapist and a language specialist.
